

Micropalaeontology Catalogue

December 2002

earthsciencebooks.com. is run by Geoff Carss (a lapsed Palynologist) with the aim to provide a wide range of antiquarian and second hand Geology Books at competitive prices. We have only just started (this is our first catalogue). The web site will be available soon although our full catalogue can be viewed on www.abebooks.com. We do not generally open to the public unless you have a specific requirement.

We are based in the UK at:

Catalogues available soon include:

- ❖ UK Regional Geology Guides**
- ❖ Classic 19th Century Geology Books**

If you particular wants or are considering selling either single books or a collection please contact us.
